

## GERMAN DESTROYER IS SUNK BY BRITISH SUBMARINE E-9

### ACTION TAKES PLACE IN NORTH SEA, OFF PROVINCE OF FRIESLAND

#### Rumor States German Cruiser Is Also Sunk

#### von Kluck Takes Decided Offensive In North- ern France—Official Reports Are Meagre— Germans on Prussian Frontier Assume a Strategical Defensive Movement—Claim Cap- ture of Two More Forts at Antwerp.

While the world awaits news of the great battle in which the British and French allied forces and the Germans in northern France have engaged for twenty-six days, the front vouch safe little information of the actual operations. Today it is small piece of ground lost and tomorrow the same ground has been regained. Meanwhile the French forces are moving northward, but are gaining little to the east, which would be essential to the outflanking of the German right wing.

As matters of fact General von Kluck, in command of that section of the German army, with heavy reinforcements which reached him in the last week has taken a decided offensive and day by day the announcement is made by the French war office that "the battle continues."

The British official bureau reports that the French army is fighting with the greatest dash and bravery, but is silent on what the British are doing. The French officials report an advance on certain points on the center and the retaking of the ground previously yielded in the Roye district.

Masses of German cavalry recently have been near Lille and behind them German forces moving on a line between Tourcoing and Armentieres. This important unit of the German army, which it was thought might serve to break the French line, the French report says, has been held in check and to the north of Lille has been driven back. On two wings it is added, the German attacks have been repulsed.

The northward movement of the French line brings it close to the Belgian frontier and consequently there have been arrangements between the Germans and the Belgians in the environs of Ypres, twenty miles south of Ostend and at Audenarde, fifteen miles southwest of Ghent.

While the East Indian troops have reached France and may already have reinforced Field Marshall French's army, operating in the neighborhood of Soissons, the whereabouts of the Canadians who number about 33,000 has been a matter of conjecture. It is announced that they are about to be landed in England and will be sent to an inland training camp.

The situation as between the Russians and Germans and Austrians is somewhat problematical but a very frank statement from Berlin admits that the Germans on the frontier of Prussia have assumed a strategical defensive movement.

This statement adds that the fighting at Augustow and in Suwalki was of a most sanguinary nature and that while the German machine guns finally turned the scale of battle in favor of the Germans, the slaughter of the German artillerymen was terrific. The movements of the German troops were greatly hampered by the physical condition of the country.

The 43rd German casualty list, issued at Berlin, contains 10,600 names in dead, wounded and missing.

Berlin also reports that the fighting on the German right wing in France has been successful and that in the assault on Antwerp two more forts have fallen into German hands. The Belgian government has been removed from Antwerp to Ostend, several of the ministers and many thousands of refugees having reached there. The bombardment of Antwerp, it is reported, already has begun, following a notification from the commander of the German troops that non-combatants and others desiring to do so, should withdraw from the city.

President Poincaré, accompanied by Premier Viviani and the minister of war, M. Millerand, has returned to Paris after a visit to the battlefield. It has reported that the French government would be returned from Bordeaux at an early date.

A British submarine has made another raid close to the German base in the North Sea and has torpedoed a German boat destroyer. There is a report that a German cruiser also was torpedoed, but this is not confirmed.

The Japanese have occupied the Island of Yap, of the Caroline group in the Pacific, and at the same time have notified the state department

### REPORTS OF SHIPPING HORSES TO EUROPE STIR DELEGATES

President of American Humane Societies Says They Should Force Government to Act if Reports are True.

Atlantic City, N. J., Oct. 7.—Reports that American horses are being sent to be slaughtered on the battlefields of Europe stirred delegates from various societies interested in the prevention of cruelty to animals at today's session of the American Humane association. Mrs. S. J. Von Hoesen of Plainfield, N. J., declared that it seemed ludicrous to spend thousands of dollars for the prevention of minor injuries to horses here while thousands are being shipped abroad to endure much greater sufferings.

G. A. H. Scott of Chicago said that a party of Englishmen are in Chicago buying horses for the British army, while other delegates told of reading accounts of the purchase of horses by representatives of other European powers. President Stillman declared that "it is our business to get the facts and force the government to act if these things are true."

The feeling here against the Japanese is becoming intense. The papers published accounts of their alleged misbehavior with characteristic exaggeration. For example a petition from the citizens of Wellesley says:

"The Japanese arrived here three days ago, since when the misery sustained by the people is beyond description. The actual number here has not yet been ascertained but the streets and the lanes are crowded with these dwarfs."

"The Germans threw themselves on the forts and entrenchments."

## STATES OCCUPATION IS ONLY TEMPORARY

### ASSURANCE GIVEN BRYAN THROUGH JAPANESE FOREIGN OFFICE

Inform Secretary That Landing of Troops in German Pacific Islands is Only For Military Purposes—Necessity of Protecting Commerce Prompts Seizure.

WASHINGTON, Oct. 7.—Secretary Bryan has been officially informed that the occupation by the Japanese naval forces at the German Pacific Islands is only temporary and solely for military purposes. The assurance came today from the Japanese foreign office through Ambassador Guthrie and also from the Japanese embassy in Washington.

State department officials said yesterday no inquiries had been made by the United States on the subject and it was believed here tonight that this government had accepted the statement from Tokio as sufficient guarantee that the situation in the Far East would not be altered in any way inimical to its interests.

It was reiterated at the Japanese embassy tonight that the necessity of protecting commerce in the Pacific from the German cruiser eluding pursuit in these waters, had prompted the seizures.

In regard to the Shan-Tung railway, it was said by embassy officials that its occupation should not be considered in any sense a violation by the Japanese of Chinese neutrality, across the line of German control. The Japanese advance against the German stronghold at Kiaochow would be hindered, it was pointed out, if the Germans were allowed to use the road to haul supplies or otherwise facilitate their military operations.

### Feeling is Becoming Intense.

Peking, China, Oct. 8.—10:45 a. m.—The government has been informed that thirty Japanese occupied on Wednesday the stations of the Shan-Tung railway at Tainan, the western terminus of the German owned road.

The foreign office immediately upon receipt of this intelligence delivered another protest to the Japanese legation demanding the withdrawal of the Japanese troops and asking for a reply.

However, despite the ultimatum-like character of the Chinese note it is admitted that China does not intend to fight. Also at the solicitation of the government which feared that otherwise the situation with Japan would be further complicated the Germans have not fulfilled their threat to dynamite the bridges.

The feeling here against the Japanese is becoming intense. The papers published accounts of their alleged misbehavior with characteristic exaggeration. For example a petition from the citizens of Wellesley says:

"The Japanese arrived here three days ago, since when the misery sustained by the people is beyond description. The actual number here has not yet been ascertained but the streets and the lanes are crowded with these dwarfs."

## PREDICTS SPEEDY PEACE FOR MEXICO

### Constitutionalist Agency at Washington Gives Out Statement

#### QUOTES RICHARD COLE

#### Declares Carranza Has No Personal Feelings Against Villa and Is Eager for Private Life

#### MAKE SHARP ATTACK AT NACO

WASHINGTON, Oct. 7.—Speedy restoration between Carranza and Villa through open conferences at Aguas Calientes was predicted tonight in a statement issued by the constitutionalist agency here. The statement quotes Richard Cole of Los Angeles, who, it says is a personal friend of Carranza and continues:

"Carranza has no personal feelings against Villa. He feels that the General of the division of the north has been led to his present rebellious position by designing and unscrupulous persons who have posed as Villa's friends. I think Villa is a big enough man to admit his mistake when it is once brought home to him. Mexico can use both the services of Carranza and Villa, acting in their proper spheres.

"Carranza is eager to retire to private life. He is worn out and only a sense of duty keeps him engaged in directing the constitutionalist cause. He has promised to visit the United States and make a five months tour."

Mr. Cole is here to seek recognition for the Mexican central government. He said tonight he expected to confer with state department officials within a few days and would ask that formal consideration be given the question of recognition.

Cousul Stillman, who has returned to Washington, resumed conferences with state department officials today. The arrival of the Carranza delegates at the Aguas Calientes conference was reported in official despatches. In formal meetings between the Carranza and Villa emissaries were under way and, it was said, an outline for the establishment of a definite program would be adopted.

### Expect Attempt to Storm Naco.

Naco, Sonora, Mexico, Oct. 7.—The desultory "siege of Naco," was enlivened with a series of sharp, vigorous attacks tonight. American army officers predicted an attempt to storm the town by morning.

General Benjamin Hill, commanding the Carranza garrison threw his entire line into action, replying to the heavy shelling of the town and to simultaneous attacks on both banks.

Rifle fire from both sides continued, to fall here and there in American Naco, adjoining impartially.

## INVESTIGATOR GIVES DETAILS OF EXISTENCE OF PICKPOCKET TRUST

### Chicago Council Crime Committee is Furnished With Alleged Affiliation of Professionals With Certain Policemen.

Chicago, Oct. 7.—Details of the existence of a pickpocket trust, its alleged affiliation with certain policemen, a list of more than fifty saloons said to be recognized as headquarters for pickpockets and a list of a hundred men said to be known to be professional pickpockets, were given to the city council crime committee today by Edward W. Altz, an investigator, employed by the commission.

So keen were the police at one prominent transfer corner for their daily share of the pickpocket profits, Altz' report averred, that the regular thieves who worked on the corner were not permitted to take a few days off to work the State Fair until they had arranged to put substitutes to work.

Pickpockets usually operate in bodies of five men known as "the mob," the report explained. Egan's mob had the profitable corner of Thirty-seventh street and Ashland avenue, the policemen, it was charged, receiving 35 percent of the gross. "When Egan's mob wanted to go to the State Fair, arrangements were made with another well known pickpocket to work the corner during their absence," the report said. "Often I have known of policemen searching the pockets of thieves to see that nothing was held out on them."

### JUDGE RESERVES DECISION.

New York, Oct. 7.—Justice Vender, sitting in the United States district court in Brooklyn today, reserved decision on a demurrer filed by the government against the application of the Marconi Wireless Telegraph Co., of America, for an injunction to restrain the secretary of the navy from closing its plants or censoring messages passing through them.

## HOLD REVOLVER BATTLE ON DOWN TOWN CORNER

### CHICAGO WARD POLITICIAN STARTS FIGHT WITH POLICE

Hundreds of Pedestrians are Impeded—Five Victims are in Hospitals, All of Them Seriously Injured—More than score of Shots are Fired.

CHICAGO, Oct. 7.—Barney Bertsche, ward politician and police character, and several members of the police department imperiled hundreds of pedestrians on a busy downtown corner today by a revolver battle. More than a score of shots were fired and tonight five victims are in hospitals, all of them seriously injured. The wounded were Bertsche, Detective Sergeant William Egan and James Monaghan, Nathan Piers, recently convicted of arson, and Ted Owens. Both Spiera and Owens were reported to have been friends of Bertsche.

The shooting resulted from an attempt of Bertsche to put a spectacular climax on a long police history, according to an attack of the state's attorneys office. Bertsche has been at liberty pending an appeal to the supreme court on his conviction in connection with a clairvoyant ring, alleged to have taken thousands of dollars from dupes. He also is under indictment charged with assault to kill. Bertsche, it is said, had little hope of a reversal from the supreme court and had made up his mind to put a sensational close to his career before beginning sentence. "It's about time for me to go, but I won't go alone," he boasted. Egan, at one time a friend of Bertsche's, had been suspended from the force after charges had been made against him by the state's attorney who investigated the clairvoyant case. Recently he was returned to the force.

Bertsche was incensed against Egan at his return to favor and, according to bystanders, began shooting when they met today.

## CAUCUS FINISHES REVISION OF BILL

### Finance Committee Will Present Revenue Measure In Senate To-Day

#### TO YIELD \$105,000,000

#### Consideration Will Begin at Once —Simmons Believes Week of Debate Will Dispose of Bill

#### REDUCE PULLMAN TICKET TAX

WASHINGTON, Oct. 7.—Revision of the administration war revenue bill was completed by the caucus of senate democrats late today and preparations made to press the measure in the senate. Senator Simmons, in charge of the bill, said the finance committee would present it to the senate tomorrow and consideration will begin at once. He believed a week of debate would dispose of the bill.

As the bill was completed by the caucus, with its added levies on beer and rectified spirits and minus the proposed taxes on gasoline and automobiles, Senator Simmons estimated that it would yield annually about \$105,000,000, unless a slump in beer production cuts down the estimated revenue from that source.

The increased tax on beer is expected to yield from \$42,000,000 to \$46,000,000 and the rectified spirits tax of five cents a gallon is calculated to raise \$5,000,000. Stamp taxes on negotiable instruments, stocks and bonds, deeds and transfer, bills of lading, Pullman car and steamship tickets and insurance policies are expected to yield \$30,000,000, and a stamp tax on patent medicines, cosmetics and perfumery is expected to yield \$7,000,000. The remainder will come from special taxes on theatres and places of amusement, on tobacco, cigarettes and cigar manufacturers and on domestic wines.

The caucus eliminated today a special tax of \$40 on brokers, cutting out \$300,000 of estimated revenue. A vigorous contest by Senator Lewis of Illinois resulted in a reduction of the tax on Pullman tickets from 2 cents to one cent each.

The insurance tax agreed upon is the house provision for a levy on all property insurance, but with life insurance eliminated. This was done by the senate finance committee before the caucus was called and was left unchanged by the conference. As it stands in the bill a tax of one-half of one cent per \$100 of premium is levied on all property insurance, ashore or afloat, co-operative and mutual policies being exempt, as are reinsurance policies. Fidelity and guarantee insurance would pay a similar rate.

Fail to Reach Vote.  
The house failed to reach a vote today on the conference report on the Clayton anti-trust bill despite a special rule limiting debate to five hours under which it was hoped the administration anti-trust legislation program for this session would have been completed. The report already has been agreed to by the senate.

## PEELS CASE OF FORMER PEDRIA SCHOOL HEAD TO SUPREME COURT

SPRINGFIELD, Ill., Oct. 7.—Clarence S. Darrow of Chicago appeared here before the supreme court today in the interest of Newton C. Dougherty, former superintendent of schools at Peoria, who recently, when released from Joliet penitentiary where he was serving a term for forgery and embezzlement, was convicted by the Peoria county circuit court on another count. Darrow, in an eloquent plea, told the court that the first conviction covered the second count and that Dougherty's political enemies were hounding him to death.

C. A. McNamara, state's attorney of Peoria, argued for the state. The count on which the present conviction was secured and from which appeal is taken, dates back to the year of 1888.

The house was prettily decorated in palms, ferns, and autumn foliage and the ceremony took place in the bay window which had been especially decorated. The musical program was given by Miss Evanda Potter, a sister of the bride and the vows were pledged in an impressive manner. The bride wore a becoming traveling suit. A suitable collation was served after congratulations had been exchanged.

The groom is a son of Peter Ranson and is a farmer by occupation. Both he and his bride come from the best known families of that part of the country and they are highly regarded young people both being members of the Methodist church.

They expected to leave this morning over the Alton at 6:40 for Ashville, North Carolina, where they will spend the winter.

#### IN HOSPITAL SERVICE.

John C. Mullenix, formerly of this city, has a position with the U. S. government hospital service and is doing well, according to a recent word received by relatives. Mr. Mullenix was enlisted over a month ago, at the completion of his summer courses in pharmacy at Michigan University, Ann Arbor. He is not connected with a regiment at present and is located at Columbus Barracks, Columbus, O.

#### WITH SICK PEOPLE.

Jesse Hale, who brought his son, Lloyd to Passavant hospital from their home in Lone Arc, Mon., for an operation for appendicitis has departed for home taking his son who has recovered his health with him.

Mrs. H. A. Zahn, who has been in Dr. Day's hospital for treatment has sufficiently recovered to enable her going home in the family auto which was brought for that purpose Wednesday.

#### BEGIN SECOND TRIAL

OF RAY PFANSCHMIDT.  
Macomb, Ill., Oct. 6.—Fifteen veniremen were examined this morning to try Ray Pfanschmidt for murder. Fourteen were disqualified for cause. One was excused peremptorily. This left less than twelve men in the jury box and so a special venire of 100 men was ordered to report at 3 o'clock this afternoon.

As the result of the first hour and a half of the second trial of Ray Pfanschmidt not a single juror was secured.

#### RE-ELECT ROBINSON CHAIRMAN.

Albany, N. Y., Oct. 6.—At the Progressive state committee meeting here tonight, Theodore Douglas Robinson of Herkimer, a nephew of Col. Roosevelt, was re-elected state chairman. He accepted the office, but said he could not promise that he would serve after election. Among the vice chairmen elected was Miss Annie Rhodes of New York.

### ILLINOIS COLLEGE PREPARES

#### FOR GAME AGAINST LINCOLN

College Football Eleven Will Meet on Illinois Field Friday Afternoon—Other Games Scheduled for This Week.

Coach Harmon is putting his men through a stiff practice in anticipation of the game Saturday on Illinois field against Lincoln college. Tackling, blocking, breaking through lines, falling on ball, was the order of the day and the first and second teams engaged in a lively scrimmage. Russell Rendleman of Lake Forest university and J. Delbert Hodges of Northwestern registered at the college Wednesday morning. They will reside at 325 South Church street. Both are reputed to be fast men in football and their presence will serve as no little emmetus to the football spirit which prevails on the hill. The new men, however, will not be in condition for the game Friday.

Fred Stewart.  
Veteran quarterback and kicker of squad.

"Lincoln" has not played this year, but their coach has some able material and has been putting the men through some excellent practice and expects them to give a good account of themselves in the contest here of Friday. Last year Lincoln started out in a feeble way but before the season was over they had a team that was a tough proposition to the other eleven of the minor college association.

#### Other Teams Are Busy.

There is a general stir in every football camp of the association. Aside from the game here William and Vashit, who defeated Lewis Institute of Chicago last Saturday by a score of 66 to 9 will meet Lombard Saturday. Lombard kicked Eureka 73 to 9 last, so it looks like a big battle between the eleven.

Another game of interest is that between Normal and Millikin on the Normal field Saturday. Millikin defeated St. Louis university last week 13 to 7 so the Normalites look like they have a pretty hard proposition. Prospects for football at Normal however, are brighter than they have been for some time.

Shurtleff, one of the teams Illinois

Julian Frishie.  
One of the star players of the team.

college is to meet this year was beaten last Saturday by the Washington team, the score being 62 to 7.

Wesleyan university meets Charleston Friday. Elmer Dooney, half back of the team, has been having trouble with his knee, an old injury. His place will probably be taken by Callahan, a substitute end last year.

Bradley Polytechnic school claims to have a heavy aggregation. Charlie White has joined the squad. He weighs 230 pounds and stands 6 feet, 3 inches in his stocking feet. Evans another man weighs 220, so that ever 500 pounds of flesh is represented on the two players. Coach Martin claims that his team is of championship timber.

### RED CROSS NURSES.

What the Women are Doing.

The women of the Red Cross are nursing, cheering and comforting the wounded or dying. The women of Europe not only wrap bandages for the front, but they tend farms, dig coal, carry burdens and do the work of the men now under arms. Every male fighter, however brawny and heroic, was born of woman; the high courage and hardihood that are a nation's strength are inherited from the mother.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Dr. Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the development of a perfectly healthy child.

Thousands of women who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions of perfect health.—adv.

## SAYS AUSTRO-GERMAN FORCES ARE FIGHTING SUCCESSFULLY

Foreign Secretary States Russians Were Repulsed in Attempting to Cross Vistula River in Russian Poland.

Manchester, Mass., Oct. 7.—The Austro-Hungarian embassy here tonight announced receipt of an official wireless message from Count von Berchtold, the foreign secretary of Austria-Hungary, as follows:

"Austro-Hungarian and German forces are successfully fighting shoulder to shoulder in Russian Poland, where their sudden advance seems to have completely surprised the Russians, who were repulsed across the Vistula in their attempt to cross that river. Our forces took a bridge head near Sandomierz (Sandomir)."

"The advance in Galicia is being carried on systematically. A Russian division of infantry was repulsed by us near Tarnobrzeg (Tarnobrzeg). The defeat of the Russians in the Carpathians is complete."

(Signed) "Count Berchtold."

The foregoing is confirmatory of the official advices received by cable from Vienna today, embodying the statement of Gen. Hoefler.

## MILITARY GOVERNOR OF ANTWERP CALLS ON MEN TO TAKE SERVICE

AMSTERDAM, Oct. 7.—A telegram to the Nieuws Van Den Dag from Ghent says that the military governor of Antwerp has issued a proclamation calling on all able bodied men between the ages of 18 and 32 to join the army in defense of the fatherland. The proclamation reads:

"The interests of the national defense demand imperiously that our regular army should be reinforced. Under these circumstances I appeal to the patriotism of eligible men between the ages of 18 and 32 years to take service with our regular troops as volunteers for the duration of war."

## TAKE STEPS TO KEY INDUSTRIAL WORKERS OF WORLD OUT OF BUTTE

Railroad Officials Warn Montana Governor of Large Numbers of Industrial Workers Scattered Along Roads in North Dakota.

Helena, Mont., Oct. 7.—Presumably headed for Butte, as many as a hundred Industrial Workers of the World are scattered along the route of the Great Northern railroad between Great Falls and Fargo, N. D., according to information given to Gov. Samuel V. Stewart, by railroad officials.

Governor Stewart immediately telegraphed warnings to the sheriffs of counties through which the Great Northern, the Chicago, Milwaukee and St. Paul and the Northern Pacific railroads enter Montana.

The railroad officials reported to the Governor that many of the men were armed and were forcing the railroad men to permit them to ride. It was reported to the governor today that a band of fifty Industrial Workers of the World had left Havre yesterday morning and probably had arrived in Great Falls. It is understood also that bands of their wanderers have been seen in Powell county and near Roseman.

**FRENCH RENTS ADVANCE.**  
 Bordeaux, Oct. 7 (via Paris).—French three percent rents have advanced to 77 francs and 25 centimes, the highest point since the war appeared probable.

**WOULD EXCLUDE FOREIGN REIGNING FAMILY MEMBERS.**  
 Berlin, Oct. 7 (By way of Amsterdam and London).—A committee of the diet of Sax-Coburg-Gotha, has suggested a government bill to alter the succession law of May 3, 1852, excluding all foreign members of the reigning family from the right of succession.

## AUSTRIANS CLAIM DEFEAT OF RUSSIANS IN THE CARPATHIANS

MANCHESTER, Mass., Oct. 6.—Dr. Konstantin Theodor Dumba, Austro-Hungarian ambassador to the United States, said tonight he had received the following official message by wireless from Vienna:

"Our troops progress victoriously in all defenses in Carpathians against Russians, who are fleeing in disorder. Two Montenegrin brigades, which penetrated in eastern Bosnia, were crushed after two days sanguinary fighting and are at present fleeing over frontier in panic. Several Austrians found in horribly mutilated state. Whole Serbian battalion captured by us in northern Bosnia."

Dr. Dumba said the message was signed by Count Berchtold, secretary of foreign affairs.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

"The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver."

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

## GOVERNMENT FORECAST SHOWS BIG INCREASE IN CORN CROP PROSPECTS

SPRING WHEAT SHOWS DECREASE OF 4,000,000 BUSHELS UNDER SEPTEMBER ESTIMATE

Increases of 11,000,000 Bushels in the Potato Crop, 21,000,000 Bushels in Oats and 10,000,000 Bushels in Apples Are Also Forecast ---Tobacco Shows Increase of 92,000,000 Pounds Over Last Month's Forecast.

WASHINGTON, Oct. 7.—Greater corn crop prospects by 78,000,000 bushels and great improvement in tobacco, increasing the prospects of that crop over the forecast in September by 92,000,000 pounds, were features of the department of agriculture official report announced today.

An increase of 11,000,000 bushels in the potato crop, 21,000,000 bushels in the oats crop and 10,000,000 in the apple crop also were forecast. Spring wheat showed a slight decrease, being 4,000,000 bushels under the September forecast, yet the combined crop of winter wheat and spring wheat makes this year's harvest of that grain a record one.

The condition and estimated total production (in thousands) based on condition figures on the various crops, with preliminary forecasts of production (in thousands of bushels) of oats and spring wheat, in part as follows:

States	Condition	Production
Ohio	85	149,400

## BELGIAN LEGATION GIVES OUT STATEMENT

ANSWERS MANY INQUIRIES ON COUNTRY'S CASE.

Tells of Acts Leading Up to and Following German Invasion—Statement Also Tells of Alleged Prussian Atrocities.

Washington, Oct. 7.—The Belgian Legation has compiled the following statement of the Belgian case in the present European war, to answer the many inquiries that have been received on the subject:

"By the treaty of April 19th, 1839 Prussia, France, England, Austria and Russia declared themselves guarantors of the treaty concluded on the same day between the King of the Belgians and the King of the Netherlands. This treaty provides: 'Belgium forms an independent state of perpetual neutrality.'"

"That is to say, Belgium was forbidden, in case of war, to take the part of any of the belligerents."

"Since then Belgium has fulfilled all her neutrality obligations: she has acted in a spirit of meticulous impartiality. She has left nothing undone to maintain and make respected her neutrality. Germany's obligation to respect Belgian neutrality, was even more emphatically affirmed by one of Germany's greatest men, by the creator of the Empire. Prince, then Count Bismarck, wrote in a letter to Baron Nothomb, Belgian minister in Berlin, on the 22nd of July, 1870, as follows:

"In confirmation of my verbal assurances, I have the honor to give in writing a declaration which, in view of the treaties in force, is quite superfluous, that the confederation of the north and its allies will respect the neutrality of Belgium on the understanding, of course, that it is respected by the other belligerent."

"(Signed) Von Bismarck. On August 2nd, last, in the course of the day, the German minister in Brussels, M. De Below Saleske, gave an interview to the reporters of the newspaper 'Le Soir', and declared to them that Belgium had nothing to fear from Germany. He went so far as to employ this expression: 'You will see, perhaps, your neighbor's house on fire, but your house will remain intact.' The same day, at seven o'clock in the evening, he communicated the following note to the Belgian government:

"The German government has received unimpeachable news to the effect that the French forces have the intention of marching on the Meuse by Givet and Namur. This news leaves no doubt as to the intention of France to march upon Germany from Belgian territory."

"The imperial government of Germany cannot help fearing that Belgium, in spite of the best of intentions, will not be in a position to repulse without help an incursion by the French of such great magnitude. In this case it is sufficiently certain that Germany is seriously threatened."

"It is the urgent business of Germany to forestall this attack on the part of the enemy. The German government would be filled with lively regret if Belgium were to regard as an act of hostility against her the fact that her precautionary measures, oblige her to violate on her side Belgian territory."

Comments by German Government.

"In order to avoid the possibility of misunderstanding, the German government made the following comment:

"1st.—Germany contemplates no act of hostility towards Belgium. If Belgium consents to assume in the war which is about to commence the attitude of friendly neutrality towards Germany, the German government, on its side, engages when peace is restored, to guarantee the integrity of the Kingdom and its possessions."

"2nd.—Germany engages herself, on the aforesaid conditions, to evacuate Belgian territory as soon as peace is concluded."

"3rd.—If Belgium observes a friendly attitude, Germany is ready in cooperation with the authorities of the government of Belgium, to buy for cash everything that is necessary for her troops, and to pay indemnities for damage done in Belgium; but if Belgium behaves in a hostile manner against the troops, and in particular places difficulties in the way of their advance by opposition by the fortifications of the Meuse, or by the destruction of roads, railways, tunnels or other works, Germany will be obliged to consider Belgium as an enemy."

"In that case Germany will enter into no agreement with the Kingdom, but will allow the further relationship of the two states to be left to the decision of arms. The German government feels that it is justified in hoping that this eventually will not materialize, and that the Belgian government will know how to take appropriate measures to prevent its materialization. In that case the friendly relations which unite the two neighboring states will become closer and more lasting."

Comments on Neutrality.

"Such is the German note. It will be noticed that there is no question of the alleged entry of French aviators and officers into Belgium, as has been stated in several papers here. The document in fact knocks that fable on the head. The only reason given for the violation of Belgian territory is the alleged intention of the French army to march upon Givet and Namur. This assertion is supported by no proof, and is denied by the French government, which officially declared to Belgium and England its intentions of not violating Belgian territory. On the contrary, the premeditated intention of the French army to violate Belgian neutrality is proved in the most irrefutable way, namely, by the affirmation of the German Secretary of State,

himself, and by that of the German chancellor.

"To the request of Sir William Goschen, the English ambassador in Berlin, to be allowed to know if Germany would pledge herself to respect the neutrality of Belgium, the German Secretary of State replied that 'this neutrality had already been violated by Germany.' Herr von Jagow went again into the reasons why the Imperial Government had been obliged to take this step, namely, that they had to advance into France by the quickest and easiest way so as to be able to get well ahead with their operations and endeavor to strike some decisive blow as early as possible. It was a matter of life and death to them, for, if they had gone by the more southern route they could not have hoped, in view of the paucity of the roads and the strength of the fortresses, to have got through without formidable opposition entailing great loss of time. This loss of time would mean time gained by the Russians for the bringing up of their troops to the German frontier. Rapidity of action was the great German asset, while that of Russia was the inexhaustible supply of troops."

"Official report of the British Ambassador in Berlin to the British Government."

"This conversation preceded by a few minutes that in which the German Chancellor, giddy at the sight of the abyss into which Germany was falling, uttered these celebrated words: 'Just for a word, Neutrality, a word which in war-times has been so often disregarded. Just for a scrap of paper, Great Britain is going to make war on a kindred nation. At what price would that compact (Neutrality) have been kept? Has the British government thought of that?' Sir William Goschen replied that fear of consequences would hardly be regarded as an excuse for breaking a solemn engagement. (Official report of the British Ambassador in Berlin to his Government.)"

"It is very clear from these documents that Germany had for a long time premeditated the violation of the neutrality of Belgium and that she has even reconciled herself to the terrible danger of war with Great Britain, rather than renounce advantages she thought she would gain by not respecting the treaty. In the face of these confessions the allegations that France wished to violate the neutrality of Belgium, an allegation supported by no proof, falls to the ground."

"To continue the analysis of the German Note, one reads: 'If Belgium consents to assume in the war which is about to commence, the attitude of friendly neutrality towards Germany, the German government, on its side, engages, when peace is restored, to guarantee the integrity of the Kingdom and its possessions.'"

"Could Belgium, without being false to her duties of neutrality, take up the position which the German Government calls 'friendly neutrality' That is to say could she allow the German armies to pass without opposition through her territory? Can the German Government itself answer that question?"

"Germany concludes her note by threats. She engages on the conditions already defined, to evacuate Belgian territory at the conclusion of peace. If Belgium behaves in a hostile manner, (that is to say, if she does her duty) Germany will be obliged to consider Belgium as an enemy. She would then leave the ultimate arrangements of the relations of the two states to the de-

cision of arms—in other words, if Belgium does not agree to violate the treaty, Germany will treat her as an enemy and add a veiled threat of annexing a part or the whole of her territory."

"The moral fibre of nations is not always measured, by their size or power, Belgium is small and weak, but her answers bears witness to her love of justice and to her respect of the right, she would rather die with honor than live dishonored."

Belgium's Answer.

"That was made clear by the answer of her Government. The answer was as follows:

"The German Note has been a painful surprise to the Belgian government. The intentions which the Note attributes to France are in contradiction to the formal declarations which were made to us, on the 1st of August in the name of the Republic. Besides, if—contrary to our expectations—France is about to violate the neutrality of Belgium, Belgium would be prepared to fulfill its neutrality obligation and her army would offer to the invader the most vigorous resistance. The treaties of 1839 confirmed by the treaties of 1870, commit to the guarantee of the Powers and notably to the Government of His Majesty the King of Prussia, the independence and neutrality, of the Kingdom of Belgium."

"The Chancellor of the German Empire said in a sitting of the Reichstag on the 4th of August: 'We are in a state of legitimate defence. Necessity knows no law. Our troops have occupied Luxembourg and have perhaps already penetrated into Belgium. This is against the law of nations. France, it is true, has declared to Brussels that she is determined to respect the neutrality of Belgium as long as her adversary respects it, but we

## Got to Go Deep to Cure Rheumatism

Liniments Help Locally, But the Disease is Way Down Inside.

"To get at the source of rheumatic pains it requires the deep, searching influence of S. S. S., the famous blood purifier. Rheumatism is primarily a blood disease that, since it is in this vital fluid that rheumatic tendencies are carried, lodges in the joints and muscles, there to irritate the nerves and produce pain. And in order to drive out these pain inflicting poisons it requires S. S. S. to sink deep into the tiny glands imbedded in the innermost tissues. S. S. S. travels wherever the blood goes and never loses its medicinal influence. This explains why it overcomes the most chronic forms of rheumatism, why it dislodges those hard deposits that thicken the joints, for it acts as a solvent and assists the blood to provide in the tissues those natural elements for which the body-building process continually craves and must have."

"If you have never used S. S. S. for rheumatism, get a bottle today of any druggist. Use it as directed and with some simple home helps you will soon dislodge the worst and most painful forms of rheumatism. Write the medical department, The Swift Specific Co., 61 Swift Bldg., Atlanta, Ga., for additional advice. Yours may be a case where a slight help from a specialist whose advice is free, will solve the mystery that has been making life miserable for you. When you ask for S. S. S. insist upon it and refuse all substitutes."

## Dodging Duty

(By Walt Mason.)

It is a shame that high class men for office will not stand in line; though asked, again and yet again, this duty all of them decline. The offices all go to skates, to patriots who want the mon; we want good men as candidates—alas, the good men will not run! We want good men with honest hearts, strong men abhorring shams and tricks, brought up in offices and marts, and not in stews of politics.

And if perchance they ever rise, responsive to our eager calls, we'll batter them with campaign lies, and rattle them with hoots and howls. We'll show that they are only big in self-esteem, their virtue slim; we'll prove they stole a widow's pig, and swiped a soldier's wooden limb. We'll lead in fury and in sound until, disgusted, they retire; we'll hire cheap sleuths to rake around and dig their records from the mire. We'll quickly jolt them from the groove in which they spend their lives; with affidavits we will prove that every day they beat their wives. Why don't our good men save the realm, and bleed and die in proper style? The country needs them at the helm—we'll surely make it worth their while!

## LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old Time Sage Tea and Sulphur and Nobody Will Know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

ATHLETICS ANNEX FINAL GAME OF THE SEASON

DISPLAY BEST FORM OF TUNING UP EXHIBITIONS.

Mack's Players Hammer Pich's Delivery Hard—Stallings and Nearby All of Boston Braves Witness the Contest.

Philadelphia, Oct. 7.—In its final game of the season the Philadelphia Athletics this afternoon exhibited the best form of the tuning up exhibitions for the world's series and defeated New York by ten to nothing. Mack's players hammered Pich's delivery hard, especially in the first two innings when they bunched six hits with three passes and three stolen bases and scored seven times. Walsh drove in four runs in the first two sessions with a four bagger and a single. Oldring, Barry and Strunk also hit the ball hard. Four pitchers were used by the home team. Bressler was topped up for three singles and gave a pass in the first three innings. Bush, Shawkey and Pennock each twirled two innings. They blanked their opponents in every inning.

One hit was made off Shawkey but this was followed by a double play. Manager Stallings and nearly all of the Boston Braves witnessed the contest.

THOUSANDS SCRAMBLE FOR SERIES TICKETS

Braves Take Easy Practice on Grounds of Philadelphia Nationals—Will Workout on Athletic Field This Morning After Mack's Men Have Their Usual Workout.

Philadelphia, Oct. 7.—Things began to move rapidly today in preparation for the opening game of the series for the baseball championship of the world. The Boston Braves and the Philadelphia Athletics practiced in the yards that were only five blocks apart, while thousands of persons in the downtown district protested their excitement in their scrambling and defiance of the police while making wild efforts to buy tickets for the big sporting event. Tonight there isn't a reserved ticket to be had for any of the games scheduled to be played on the American league grounds here, except through speculators.

The so-called tuning up process today of the present world's champions and the winners of the National league pennant was of a mild character. Neither Connie Mack nor George Stallings permitted his men to do any extended work. The National leaguers spent more than two hours in the forenoon on the grounds of the Philadelphia National league club taking an easy workout. The weather was very damp, rain falling in light showers during a part of the morning.

Tyler was the only member of the pitching staff to warm up. A majority of the Boston players took in the final American league game at Shibe park in the afternoon when the Athletics trounced New York.

While at Shibe park, George Stallings met Connie Mack. There were mutual congratulations over the winning of their respective pennants and each expressed the hope that the series would be a good one. While at the park Stallings arranged with Mack for the Braves to practice at Shibe park tomorrow morning after the Athletics have their usual workout. There will be no secrecy in the Boston practice. The players will remain only long enough to become familiar with the grounds and the shadows cast by the high stands. Some of the rooters of the world's champions are becoming anxious over McInnis, the first baseman. About ten days ago he was struck on his throwing hand by a pitched ball in St. Louis and has not played a game since, although he has appeared in practice.

Demands for tickets for the series was never greater than it is this year. The applications for reserved seats at Shibe park was four times greater than the capacity of the grand stand. A certain number of tickets were held for privileged persons and the remainder were placed on sale at the ticket office of a department store. The line of purchasers at this office began to form early Monday morning and it was more than six blocks long when the sale began. The line broke when the ticket office opened and police had much difficulty in quieting the disorder in the crowded shopping district. Mounted policemen had to be used to scatter the crowd.

INDIANA DEFEATS DENVER. Denver, Colo., Oct. 7.—A ninth inning rally by the Indianapolis team of the American Association, defeated Denver of the Western League today in the inter-league series by a score of 4 to 5.

CUBS CAPTURE FIRST CONTEST WITH SOX

BUNCH HITS OFF WOLFGANG AND WIN EASILY.

Inability to run bases costs Americans Several Runs—Total Attendance is 21,744 and Receipts \$14,172.50—Players' Share Amounts to \$7,653.15.

Chicago, Oct. 7.—The Chicago Nationals drew first blood in the series to decide the championship of Chicago today when they defeated the league Americans 4 to 2. The older league representatives bunched hits off Wolfgang and won easily. Good's double and Saier's single gave them the first run, while singles by Bresnahan and Good, a fielder's choice and Leach's double netted them two more in the fifth inning, which was enough to win the game.

Inability to run bases cost the American leaguers several runs and probably the game. They had men on the bases in every inning but one and almost in each instance a runner was run down in the paths. They saved themselves from a shut out when Schalk's double, Breton's sacrifice, Bodie's single and errors by Good and Derrick on Weaver's grounder and infield out scored two runs in the seventh.

The total paid attendance as announced by the National commission was 21,744. Total receipts \$14,172.50. Of this amount the National commission receives 1,417.25; the player's share \$7,653.15; each club share \$2,551.05. Score: Nationals AB. R. H. O. A. E. MICHIGAN DEFEATS MOUNT UNION. Ann Arbor, Mich., Oct. 7.—Michigan scored for the first time this season, today and defeated the light blue aggressive football eleven from Mount Union College of Alliance, Ohio, 27 to 7.

Mount Union, unable to gain for the three periods, obtained the ball in Michigan territory in the last quarter; brought it to the one yard line by three forward passes and then scored through center.

MOTHER! IS CHILD'S STOMACH SOUR, SICK?

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, does not eat, sleep or act naturally has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—adv.

INDIANAPOLIS CAPTURES THE FEDERAL LEAGUE PENNANT

Gilmore Announces He Will Challenge the Winner of the World's Series on Behalf of the Winner of the Federal Championship.

Indianapolis, Oct. 7.—By winning from St. Louis today the Indianapolis Federal league team, for the second time in two years captured the Federal league pennant. The Manager "Whoa Bill" Phillips, the "silent leader" of the team, who also was at the helm of the club last year when it won the first flag of the league is given credit, in large measure, for the winning of the second championship. He, however, ascribes the victory to his players. The feature of the local teams' work this season was its strong attack.

The race between the Chicago and Indianapolis teams has been close almost from the start, with first one club and then the other in the lead. Yesterday's victory for Indianapolis, while Chicago was losing two games, gave the local team which was half a game behind, a one-game lead.

President Gilmore of the Federals, has announced that he will challenge the winner of the world's series on behalf of the winner of the Federal league pennant, but there is little hope that a series can be arranged. Falkenberg was at his best, allowing three hits, two of them in the ninth inning. He struck out eight batsmen and gave one base on balls. After the game the fans crowded on the field and cheered and congratulated the Indianapolis players and manager.

Score: R. H. E. St. Louis 000 000 000—0 3 0 Indianapolis 000 002 00x—4 8 0 Batteries—Davenport and Chapman; Falkenberg and Rariden.

Baltimore, 5-4; Pittsburgh, 3-3. Baltimore, Oct. 7.—Baltimore won both ends of the double header with Pittsburgh. Scores: First game: R. H. E. Pittsburgh 001 011 000—3 9 1 Baltimore 010 031 00x—5 10 2 Batteries—Barger and Roberts; Wilhelm and Kerr. Second game: R. H. E. Pittsburgh 000 210 00—3 7 2 Baltimore 200 020 0x—4 8 2 Batteries—Camnitz and Berry; Smith and Kerr.

Of the 17 National league players batting for 300 or better, six are members of the Brooklyn club. The Superbas in the honor list are Steele, Myers, Dalton, Daubert, Wheat, and Stengel.

### BELGIAN LEGATION GIVES OUT STATEMENT

(Continue from Page 7.)

know that France was ready to invade Belgium. France can afford to wait; we cannot. A French attack on our flank in the region of the lower Rhine might have been fatal. It is for that reason that we have been compelled to ignore the just protests of the Governments of Luxembourg and Belgium. The injustice which we thus commit we will repair, as soon as our military object has been attained.

#### Alleged Intention of France.

"It has been shown above how much value can be attached to the assertion of the alleged intention of France to invade Belgium. That intention, and the realization of that intention, belongs exclusively to Germany and they must be left in her possession. This is especially the case in view of the fact that the military dispositions undertaken by France, absolutely refute the allegations of the German Chancellor. So true is this that when the violation of Belgian territory became an accomplished fact, and when the King of Belgium appealed under the terms of the treaty of 1839 for support, in maintaining the neutrality of Belgium, which these Powers had guaranteed France was so little prepared to invade Belgium that it took her more than ten days to get her troops into the country.

"The world is familiar with the way Germany has repaired in Belgium the injustice of which she was guilty to use the words of the German Chancellor.

"Under the pretext that her troops were attacked by civilians and even under no pretext at all, whole villages have been razed to the ground. Important towns whose boast it was to represent part of the common inheritance of civilization were not spared. Their monuments, which have been respected during the centuries in all the constant wars of which Belgium has been the theatre, were deliberately destroyed. Open cities were bombarded. Exorbitant taxation was imposed upon conquered towns, and when the inhabitants were unable to pay the taxes, a large number of their houses were set on fire. That is what happened to Wavre, among other cities, whose 8,500 inhabitants were unable to pay a tax of \$600,000. Termonde, with 10,000 inhabitants, was utterly destroyed. On the 15th of September, there only remained in that town 282 houses out of 1400. The town of Aerschot, with 3,000 inhabitants, is now nothing but a mass of ruins and more than 150 of its inhabitants have been shot. Drivable balloons have thrown bombs at night into Antwerp. It cannot be maintained by those who were in the balloons that they were trying to hit the forts, as the forts are outside them as well. Nor are outside the boundaries of the town and a good distance outside of them as well. Nor neither could the bombs thrown have had any effects upon the forts, which are even stronger than those of Liege. There was no warning of this bombardment, a fact which constitutes a violation of Article 26 of the Fourth Convention of the Hague, and more than a dozen people were killed, all of them non-combatants and several of them women and children.

#### Town of Louvain.

"The town of Louvain, with its 42,000 inhabitants, was one of the centers of Belgian culture. It had no mercy shown to it and has been nearly obliterated. Several quarters of the town were set on fire, the Church of St. Pierre, a marvelous example of Gothic art, the buildings of the University, including the library with more than 70,000 volumes, of which a large number were ancient manuscripts, the collections belonging to the University, nearly all the houses of the town were deliberately burned. They are now nothing more than heaps of ashes. Their destruction has been a loss to the whole civilized world.

"Numbers of absolutely innocent women and children lost their lives in the fire which was started by the order of the German military officials. Of those who were saved, several thousand, including women enfeebled by age, and children in arms, are today wandering homeless over the roads, without food or clothing. They are not to blame for anything, unless it is because they belong to a nation which has refused to purchase peace at the price of dishonor. That can be the only crime accounted to them and it is for that they have lost all their possessions upon the earth.

#### Consent of Wang Doing.

"From the declaration made by the Imperial German Chancellor it may be seen that the German Government is conscious of its wrongdoing. As one of the guarantors of Belgium's neutrality, it wanted to force Belgium to relinquish its neutrality for Germany's benefit. Because Belgium would not consent to this perjury, and because Germany could not reproach her with anything else Germany invaded and covered with blood and ruin a small peaceful country, hardworking and honest people, a country which it had promised to protect.

"This attack upon her neutrality is the first violation for which Belgium asks judgment from the universal conscience.

"The entire Belgo-German question today is dominated by the fact of this violation of the neutrality of Belgium. Therefore, there is not a single shot fired by a German soldier in Belgium, which is not manifestly and avowedly believing most sacred things: the keeping of a solemn pledge, and the right for an honest nation that never wanted war, nor showed aggressive disposition to be allowed to live its peaceful and natural life.

"Such is the Belgian case: Hypocrisy to be allowed to live its peaceful and natural life.

## WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When

through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.

Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all ailing women I meet the benefits they can derive from your medicines."—Mrs. CHARLES ROWE, R.F.D., No. 1, Hebron, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### ANNOUNCING

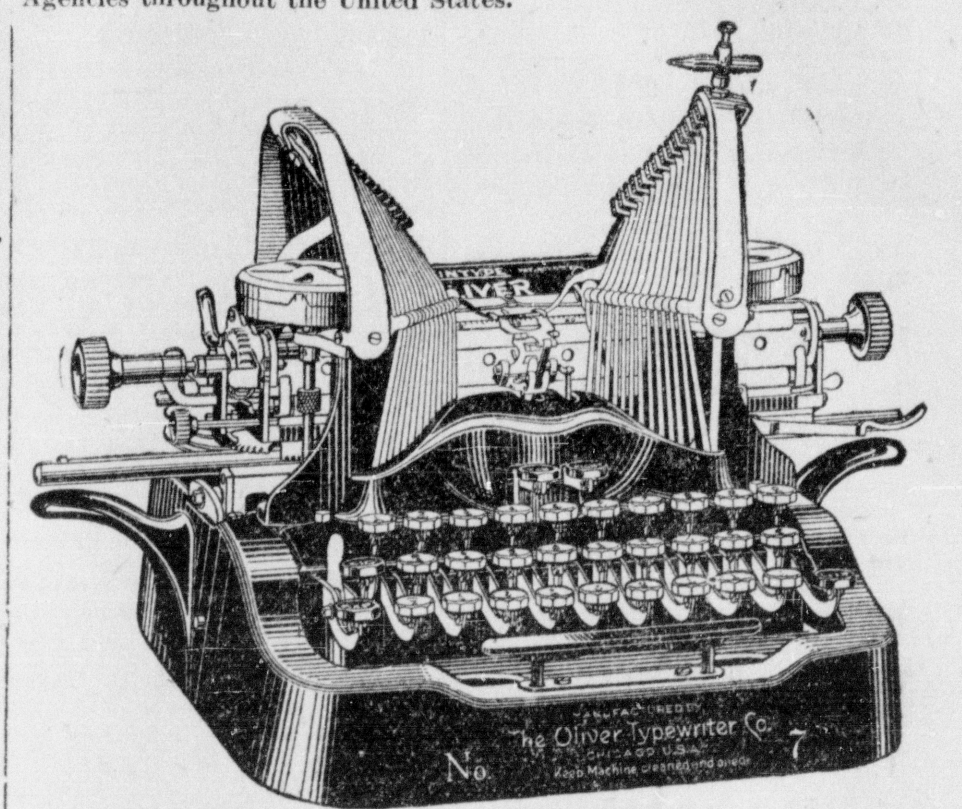

## The New Typewriter ...OLIVER No. 7

WE ANNOUNCE AN AMAZING MODEL—THE OLIVER No. 7—a typewriter of superexcellence, with automatic devices and refinements that mark the zenith of typewriter progress. A marvel of beauty, speed and easy action. Typewriting efficiency raised to the nth power.

The OLIVER No 7 embodies all previous Oliver innovations and new self-acting devices never before seen on any typewriter. A leap in advance which places The Oliver ten years ahead of its time. So smooth in action, so light to the touch, so easy to run, that experts are amazed. A model that means to the typist delightful ease of operation.

A model that means a higher standard of typewriting, longer and better service.

The No. 7 is now on exhibit and sale at all Oliver Branches and Agencies throughout the United States.

The new model has more improvements, refinements and new uses than we can even enumerate here. The "Cushioned keyboard" with "anchor keys" and the new automatic features mean less work for the hands, less strain on the eyes, less manual and mental effort.

With all of these masterly mechanical improvements we have made the machine more beautiful and symmetrical. From every standpoint The OLIVER No. 7 attains superlative excellence.

Nothing you could wish for has been omitted. The new devices, refinements, improvements and conveniences found on the No. 7 represent an enormous outlay and vastly increase its value—the price has not been advanced one penny. We shall

even continue in force our popular 17-Cents-a-Day purchase plan, the same as one previous Oliver models.

The OLIVER No. 7 is equipped with facsimile Printtype. If desired, without extra charge.

You owe it to yourself to see the new machine before you buy any typewriter at any price. Note its beauty, speed and easy action, its wonderful automatic devices. Try it on any work that is ever done on typewriters. Try it on many kinds of work that no other typewriter will do.

It is a significant fact that the typewriter that introduced such epoch-making innovations as visible writing, visible reading, Printtype, etc., should be the first to introduce automatic methods of operation.

## THE CUP THAT CHEERS

"wifey" as well as "hubby" is a well made cup of coffee—it's a great thing to start the day with!

And then at lunch—there's nothing that equals a cup of coffee to put one "in tone" for the afternoon's demands.

And then at the evening meal—what a satisfaction there is to be derived from a cup of this delicious beverage that has become the Nation's drink.

But the thing to remember is—no coffee-pot or percolator can make

good coffee if the brand you ask for at the grocer's is not properly blended—and that the best way to insure delightful coffee at every meal is to insist on

### IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in 5 Minutes.

If what you just ate is scouring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy; though it does will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

ROBERT WATT  
DIES OF BURNSWINCHESTER CITIZEN MEETS  
DEATH IN COLORADO.

Former Drygoods Merchant of Scott County Succumbs to Injuries Received From Gasoline Explosion.—Burial Will be Made in Winchester Friday.

Word has been received in the city of the death of Robert Watt, a former resident of Winchester, who succumbed to wounds received in a gasoline accident Tuesday at Fort Collins, Colorado, where he had been making his home for the past year and a half with his daughter, Mrs. Lucy McCandlas.

A week ago last Saturday Mr. Watt, who assists his son-in-law in the management of a grocery store, was called upon by an automobile owner to draw some gasoline after dark. Mr. Watt took a lantern to the place where the gasoline was stored and in some way the gasoline exploded. He was hurried to a hospital where it was found that he was burned severely about the hips and arms. His relatives were hopeful of his condition, but the past two days he gradually grew worse and passed away Tuesday night at midnight.

Mr. Watt was born in Winchester in 1852 and had practically made that place his home, being one of the prominent dry goods merchants of the town. His wife, who was Miss Hattie, daughter of the late Col. Jesse Neuman, who resided in Jacksonville after the close of the civil war, died about three years ago and for the past year he has been making his home with his daughter in Fort Collins, Colorado. He was a member of the Odd Fellows lodge of Winchester, and of the Methodist Episcopal church. He was a man respected for his upright life, and pleasant ways, and his death comes as a great sorrow to his many friends.

He is survived by three children, Mrs. Lucy McCandlas, Ft. Collins, Colorado; Mrs. Margaret King, of Hutchinson, Kansas, and Jesse DeWitt Watt. He also leaves one brother, David Watt, and sister, Miss Kate Watt of Winchester, and a sister, Mrs. Belle Coons of Calaleo, California.

The remains will arrive in Winchester tomorrow and funeral services will be conducted Friday afternoon at 3:30 o'clock.

This week 1000 barrels fancy Gano and Ben Davis apples to be sold by all dealers, at \$2.50 per barrel. Bonansinga, distributor.
